

# Connect Directions for Instructors

1. Watch the [Canvas Pair & Sync Tutorial](#)
2. Once your course has been paired and synced, you can change the due dates by clicking on McGraw-Hill Connect in your Canvas course, and then “Go to my Connect Section.”

3. Watch the [Connect Assignment Date Setting Tutorial](#)
4. It is very important you **do not** deploy your assignments in Connect because they are already deployed in Canvas. You just need to **sync** as shown in the Canvas Pair & Sync Tutorial in Step 1.
5. You will need to go back to Canvas and “Sync with my Connect section” to update the new due dates.
6. As students complete assignments in Connect, you will need to periodically sync for the scores to show in the Canvas Gradebook.
7. If you have any questions, please contact [id@baker.edu](mailto:id@baker.edu) before contacting Connect Support.
